### Meet the Meds

Activities > Medication & Labels

**Mefloquine AKA "Uncle Mef"**

Not everyone gets his jokes, and some people get upset stomach , dizziness and rarely neuro psychiatric effects. He generates a lot of family gossip and innuendos, but infact most people can tolerate him just fine.

**Malarone AKA "Princess Mal"**

She is rich, pretty and has expensive taste. She demands you dine with her everyday and while you want to hate her and her high maintenance ways, she's genuinely nice.

**Doxycycline AKA "Mama Doxy"**

Momma Doxy is the nagging mom we all know and love. she is in your business everyday, she demandas that you use sunblock, annd sometimes she bugs you until your stomach gets quesey. But, she wants to solve all your problems - not just malaria.
